We will also be featuring our food vendors on our website with their menus along with photos and interesting info concerning you. Please include a photo of your set up or email a digital image.

SPACE: Each food vendor will have a 10x20 space. This space must include all of your equipment; coolers, tent, trash can, etc.. For overnight protection and in case of inclement weather, firmly secure sides of tents and tents.

ELECTRICITY: We are having new electrical installed on the grounds this year, and our changes in fees reflect this. Specify ALL needs on the application. We are charging for the type of voltage needed and how many plugs needed. Ex: a 50 amp 220 V food truck with one plug will be \$200. If you use more plugs, you will pay for each plug used.

WATER: is available but you must supply your own hoses.

ASSIGNMENTS: After selection of vendors, we will notify and checks will be due by Aug. 15. No changes, after space assignments are made.

DRINKS: If you sell drinks in containers, please use aluminum cans and we will recycle and benefit the Chamber's college scholarship fund.

TRASH CANS: Please bring at least 1 per 10x10 booth.
